CHIN-HSIEN AMMUNITION DEPOT ERH-SHIH-LI-PU, CHINA

COORDS: 39-12N 121-44E
NPIC TARGET NO: 0381-10-E
COMOR NO: None

An ammunition depot is located 6 nm north of Chin-hsien, China (Figure 1). It is about 0.2 nm from the main road in the area and is connected to it by a good access road. A rail-

road siding on the Ta-lien/Fu-shun rail line is located about one nm SE of the site and is connected to it by road.

Storage Buildings. There are ten revetted or partially revetted storage buildings measuring approximately 95 by 35 feet (Figure 2). Two of the buildings have three loading platforms, one has two platforms, and the remaining seven have no visible platforms. No firewalls,

blastwalls, or ventilating devices of any kind are visible on any of the buildings.

There is one additional storage building that has nine small pipe vents on the roof (Figures 2 and 3). The building measures 90 by 50 ft and has a floorspace of approximately 4,500 sq ft. There is a lightning arrester erected on the ground close to each end of the building. The building may be separately secured by a fence within the walled area.
